Mr. Kermit Geary
R.D. 2, Box 298
Walnutport, Pa.

Dear Mr. Geary,

On behalf of the station and staff of WRTI-FM I wish to sincerely thank you for your report of reception of our station on May 1, 1962. The data which you sent us concerning the date, time , and program content has been confirmed by the programming department and we are therefore very pleased to confirm your report of reception of WRTI-FM.

WRTI-FM operates on a frequency of 90.1 megacycles and is located in center city Philadelphia. The station is owned by Temple University and is operated by the students of the Communications Department. The power output of our I.T.A. Model FM-500a transmitter is 465 watts giving us an effective radiated power(erp) of 790 watts. The height of the antenna is approx. 200 feet.

I hope that I have answered all of your questions, and if not please do not hesitate to write for any further information. We would also like to receive further reports concerning our signal(especially strength and quality)from you in the future.

Thank you very much for your concern and time,

Alan M. Maslin
